temporary depôt houses, forest guards' huts, mándavs or sheds for temporary depôt establishments, &c. :—

No.	Division.	Amount.		
		Rs.	a.	p.
1	North Thána	747	9	0
2	South Thána	2,315	8	0
3	East Khándesh	154	0	0
4	West Khándesh	888	5	0
5	Násik	494	3	0
6	Ahmednagar	1	6	6
7	Poona	75	5	0
8	Sátára	36	1	0
9	Sholápur	.....		
10	Surat...	1,304	7	4
11	Panch Mahális	270	9	6
	Total ...	6,287	6	4

199. The expenditure shown above against South Thána includes the cost, Rs. 1,871, of a bungalow with out-houses purchased at Tánsa from Messrs. Glover & Co., contractors of the Tánsa lake, under sanction of Government Resolution No. 4171 of the 18th June 1891, for a first rest-house.

(*c*). Other Works.

200. The water in the Dángs although obtainable from pure springs is everywhere polluted and rendered unwholesome by the dirty habits of the villagers, and this is possibly one of the causes of the frequent sickness of forest officials and of the population residing in the Dángs. With a view to remedy this evil to some extent, wells with a frame work of wood were built at the undermentioned places in the Dángs at the cost stated :—

	Rs.	a.	p.
Linga	11	5	0
Malgaon	10	0	0
Gundohol	10	0	0
Umaria Mahál	10	0	0
Jaran	6	0	0
Gulkund	10	0	0
Amthava	15	0	0
Gondal Vihir	10	0	0
	82	5	0

Thus rough wells of good pure spring water were provided in eight different directions within the Dángs for the small expenditure of Rs. 82-5-0. Outlay of this kind carefully directed cannot fail to be highly profitable to the State in the health of its servants employed in malarious localities, and to be beneficial to the local population.

CHAPTER IV.

OUTTURN AND WORKING.

I.—DEPARTMENTAL OPERATIONS.

(1).—Timber.

201. The outturn in cubic feet of timber exploited departmentally from the forests of the different divisions of the Northern Circle, with the cost incurred
